

THE LUX COLLECTIVE

Dear Mr. Secretary General,

I am pleased to confirm that **The Lux Collective (previously LUX* Resorts & Hotels)** reiterates its support to the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects, which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. TLC will make a clear statement of this commitment to our stakeholders and the general public.

We recognise that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy. This includes:

- A statement signed by the Chief Executive Officer and the Group Sustainability & Corporate Social Responsibility Manager expressing continued support for the Global Compact and renewing our ongoing commitment to the initiatives and its principles. This is separate from our initial letter of commitment to join the Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Mr. Paul Jones
Chief Executive Officer

THE LUX COLLECTIVE

As a member of The Code of Conduct against Child Trafficking in Travel and Tourism¹¹, TLC has taken a public stance against any form of abuse, specifically against child trafficking in the sector¹².

Our environmental flagship project *Tread Lightly*¹³ is recognised internationally as an umbrella for Climate Change mitigation and adaptation initiatives. We promise our guests a 100% carbon free stays for a donation of 1 Euro per night. *Tread Lightly* has exceeded the millionth participating guest night in 2018 and reached ~97,000 TCO₂ of offset GHG¹⁴ via UNFCCC registered projects.

The sister flagship project of *Tread Lightly*, *Ray of Light* engages the local community in our projects and uplift those who require support from the many types of marginalisation.

TLC is supporting the 17 UN SDGs through stakeholder inclusiveness and key partnerships with NGOs providing quality education to children from disadvantaged households, healthcare to the needy, supporting gender equality through women and girls empowerment, advising and guiding the disabled to self-reliance through sports or IT projects. TLC Environmental partner NGOs are catering for the loss of endemic biodiversity on land and below water through scientific research, conservation work and active sensitisation. Our on-site Marine Biology Centre in the Maldives is a Top Contributor to the region's research and conservation work program for native marine wildlife.

TLC will keep elevating its contribution to a circular economy¹⁵ through value creation for all stakeholders, uplifting those around us as we expand. TLC will consistently adhere to the UNGC Principles and related frameworks, continuing the integrated audit and reporting exercise every year, on concrete actions to make it happen.

Together WE Can.

Sincerely,

Mr. Paul Jones
Chief Executive Officer
