Workation in the Maldives: 3 Reasons to Work and Vacation at LUX* Resorts & Hotels

Maldives – Working in new surroundings can increase productivity and decrease stress levels if done right. After months of working from home, it is no surprise that boredom and burn-out will start to set in from constantly facing the four walls. Ditch those tropical Zoom backgrounds and take your work-from-home *mise en scene* to work-from-paradise in the Maldives with these three reasons.

1. Inspiring environment

Leave your shoes locked away and luxuriate in barefoot comfort with over two miles of powder-fine beaches at LUX* South Ari Atoll Resort & Villas, or reconnect with nature with an endless view of all the different shades of blue from the patio of your Water Villa in LUX* North Male Atoll Resort & Villas. Creativity and innovation will be on overdrive whilst breathing in the clean, salty sea breeze.

Stable high-speed connectivity allows you to designate your workspace anywhere within your villa whether it is on the terrace or at the work desk to get into full professional mode. In-villa breakfast and lunch can also be arranged if you are feeling particularly inspired to complete that report.

2. Defining work time and fun time

Delineate work and fun time for the best of both worlds to maintain the highest productivity by sticking to a routine; start the day off with a morning yoga, meditation or fitness class before settling into work mode with free-flowing coffee from Café LUX* between 8 a.m. and 11 a.m. daily.

When you are ready to call it a day, a relaxing 60-minute treatment at LUX* Me Spa or a sunset cruise on the catamaran awaits to help you unwind and get into vacation mode.

Pop-up surprises such as the outdoor Cinema Paradiso or secret messages in bottles hidden throughout both resorts will jazz up your day and help you disconnect and recharge.

3. Contributing to a sustainable circular economy

Sustain local tourism so that we may continue innovating and contributing to the protection of the environment and our fragile ocean ecosystem. The teams at LUX* South Ari Atoll and LUX* North Male Atoll are active participants in the conservation of marine life, reducing energy consumption as well as combating climate change. Join our various corporate social responsibility programmes or volunteer efforts by chatting with our resident marine biologists; plant your own coral and get a greeting from it nine

months later or adopt a sea turtle; whatever you are passionate about, you can leave your (barefoot) footprint to make a difference.

LUX* South Ari Atoll Resort & Villas *Work from Your Home in the Maldives* package starts from USD5,692 for two persons in a Water Villa on full board basis; and from USD9,581 for two persons in a Water Villa on half board basis at **LUX* North Male Atoll Resort & Villa**, for a minimum of seven nights up to 30 nights stay.
